GLUELESS FLOOR SYSTEM

by Congoleum®

*We've brought proven aerospace technology down to earth  
with Connections by Congoleum.*

The technology for the *SmartLink™ Glueless System* may have been created for use in the aerospace industry but **Connections** has brought it down to earth and put it right under your feet. We've combined the beautiful look of traditional and exotic woods with a unique high tech adhesive strip installation system that allows the planks to securely bond together without the use of messy adhesives and nasty glues. **Connections** is so quick and easy to install that it's perfect for the do-it-yourselfer or flooring professional.

The 6" x 48" planks are ideally suited for any room in your home. Since the planks are so easy to care for and water resistant, you can put them in your kitchen, bathroom, laundry room, and of course, family room and foyer. A special tough, durable wear surface helps protect your new floor from everyday spills and tracked-in dirt.

With a wide variety of hardwood designs to choose from, quick and easy installation and easy care, Connections is flooring at its best.

*Install first row parallel to the longest wall and remove the release paper.*

*Start next row.*

*Continue installing planks.*

## 25-Year Residential Limited Warranty

The 25-Year Limited Warranty provides that your floor:

	Warranty Period
▪ will be free of manufacturing defects	25 Years
▪ will not wear out	25 Years
▪ will not fade	25 Years
▪ will not stain	25 Years

The 25-Year Residential Limited Warranty covers material for the period of the warranty and reasonable labor costs for the warranty period if professional installation was paid for when the original floor was installed.

## 5-Year Light Commercial Limited Warranty

The 5-Year Light Commercial Limited Warranty provides that your Connections floor:

	Warranty Period
▪ will be free of manufacturing defects	5 Years
▪ will not discolor from mold, mildew or alkali	5 Years

The 5-Year Light Commercial Limited Warranty covers material for the period of the warranty and reasonable labor costs during year 1 if professional installation was paid for when the original floor was installed. For years 2 through 3, the warranty covers material and 50% of reasonable labor costs if professional installation was paid for when the original floor was installed. After the third year, the warranty covers material only; labor will not be paid.

*Light Commercial use is defined as installations in environments that do not have heavy commercial traffic. Examples of light commercial applications include multi-family units, assisted living units and low traffic retail shops and offices.*

## General Maintenance

- Sweep or vacuum regularly to remove grit and sand that can abrade, dull or scratch your new floor. Do not use a vacuum with a beater brush, because it may damage the floor's surface.
- Wipe up spills promptly with a damp cloth or mop.
- For a more thorough cleaning, wash your floor with Congoleum Bright 'N Easy No-Rinse Cleaner or other suitable floor cleaner.

For complete warranty and maintenance information contact Congoleum Corporation, Dept. C, 3500 Quakerbridge Road, P.O. Box 3127, Mercerville, NJ 08619.

## RoomVision<sup>SM</sup>

Visit RoomVision at [www.congoleum.com](http://www.congoleum.com) and see how simply wonderful your rooms can look with new Connection Glueless Flooring or any of the other Congoleum family of fine floors. Just select a room that looks like yours and have fun decorating until you find the perfect combination for your home.

*It's that easy!*

Due to printing limitations, colors shown may vary slightly from the actual floor color. Ultimate selection should be made from actual samples.
